Welcome to ISB 7! As this bulletin shows yet again, Skinheads are like antennae at street level - they pick up what's really happening in society. The authorities should not try to silence us but listen to us carefully in order to avoid alien terrorist attacks. Skins know what's really going on!

VOICES FROM THE STREETS

I REMEMBER when the ISB began its world conquest, there were hardly any political articles on "delicate" issues. Just fun, oi! and articles about drinking. Nowadays, the zine is filled with political articles and ideas too. They are mostly from Eastern Europe and Germany, but still obviously something has changed radically. And it's no wonder – if people face oppression, then criticism and counter-actions are unavoidable. For example, if the government decides that it's more fashionable to take care of immigrants than the people who pay taxes, it's more than understandable that people react. And because skinheads are normal people, this naturally applies to them too.

Some skinheads don't approve of you being political, particularly if you are a right-winger. They say that because some silly individuals in England didn't have any opinions about anything in '69, we should be mindless, accept whatever we are told. I know that there are people who could never be anything other than scared rabbits, but I cannot understand skinheads who promote ignorance while we are constantly being put down by society.

As I recall, their "Sprit of '69" mentions that to be a skinhead is to be a proud of what you are and proud of being the working class. How you can be proud of being working class when your job is always threatened by

lay-offs and/or illegal workforce from beyond your own borders? And how can you be proud of what you are when everything is falling apart and you don't do anything about it because your main goal is only to drink and listen to music? Well, how can an intelligent human being keep on walking by and not act when crime, drugs and terrorists are spoiling your once great nation?

The fact that politics have entered the skinhead scene, as these magazines also show, is only reasonable.

Axel's travels in Down Under

PHOTOS & WRITTEN BY AXEL

A German skinhead enjoyed his time in Australia and New Zealand. Here's what he experienced during the trip.

It all begun with collecting money until I had enough!

What I'm talking about is a simple ticket to Australia. Thank God I have a good friend in Adelaide who keeps his word. With a terrible hang over I went to my trainstation in Celle. Waiting in Hannover for next train to Frankfurt. On the plane I still could't believe that I'm going to OZ.

My 1st (most horrible – boring...) stop was in Malaysia 14 hours waiting. I started by reading a book. After 6 hrs I couldn't remember how often I read a page I couldn't even remember what the story was all about. So I went to the bar where a nice little 1,50 cm 30 kg girl called Mazze served me 1st coffee. Very awful coffee. "Hey woman! You can wake up dead people with this" I sad. SHE only laughed so I started by drinking beer. No drunks in the plane?! That's a rumour. After drinking several hours at the airport it was just amazing how I found my seat. 33 hrs After take off in Germany I arrived in Melbourne. Missed my plane to Adelaide so I had to wait a little bit longer. 36 hrs. After take off I meet up with my friend Jacko & his mate Lofty

"Kein Bier..." (No beer..., engl.)

(thank you for your Ford Escort, it looked like a dust bin at Mt. Gambier!!!!)

We had a few beers then I had to sleep. After I woke up we went to a few bars in Adelaide. On Saturday & Sunday I was driving around A.D.L., a very beautiful city. On Monday we went to a farm for a day. I enjoyed the countryside and the beer... Then came my favourite trip. Adelaide – Melbourne. As we (Axel – Jacko – FordEscorttop Lofty) left Adelaide I enjoyed looking at the country side, as always.

We made a few stops then and when, to get some fuel

or whatever. A petrol station in OZ is not the same like in Europe, better say Germany. Each time I asked for beer, the shop assistants stared at me, as you would look at an alcoholic. Beer etc., is only available in bottle Shops & Pubs. My mate told me a few times. "Hey Axel this is not Germany where you can buy beer everywhere even at McDonald's". It wouldn't surprise him if we would drink beer even in church. The last stop of the day were made at Mount Gorembier 2nd biggest city in south Ozlandia. Typical an Ozzitown. Looks a little American

Axel: "Finally beer!"

with English influences. We stayed in a bungalow for 15 \$ aus. Each.

Before we went to sleep we spend a few hours in the city drinking beer, or making Australians rich by buying souvenirs (200\$ = lots of beer).

Next day went on to Melbourne, we stopped then and when to make a few photo's of the countryside, better say coast. In Melbourne we went to a death-metal gig. We met a Swiss skinhead from Geneva (Hello Ricky!) who travelling with Englishmen through New Zealand & OZ. The gig was very interesting, just like all these girls I've seen. I don't know what it was but there was something English about on following days we looked around Melbourne. Bars, casinos, rainforest... There are not many cities in Australia, but these few are very big. I'd like to know how they get home after drinking at the other end of the city.

MELBOURNE – GOLD COAST

26 hrs. In a bus. No beer!! Very boring.

The Gold coast is something like a holiday area in Australia. Tourism seemed to be very

important in Australia. But the Gold coast are be the center. Bar / Striptease / Surfing and all that crap. I think there are 3 tourists (2 of them are Japanese) and 1 Ozvnaian. Maybe 5 or may...bee... Guess I missed to many Mathematics lessons. After 4 days in Gold coast I went to Brisbane, where I visited other mates / Friends... The AIR was...streaky?...I could have cut the AIR into pieces and send them home.

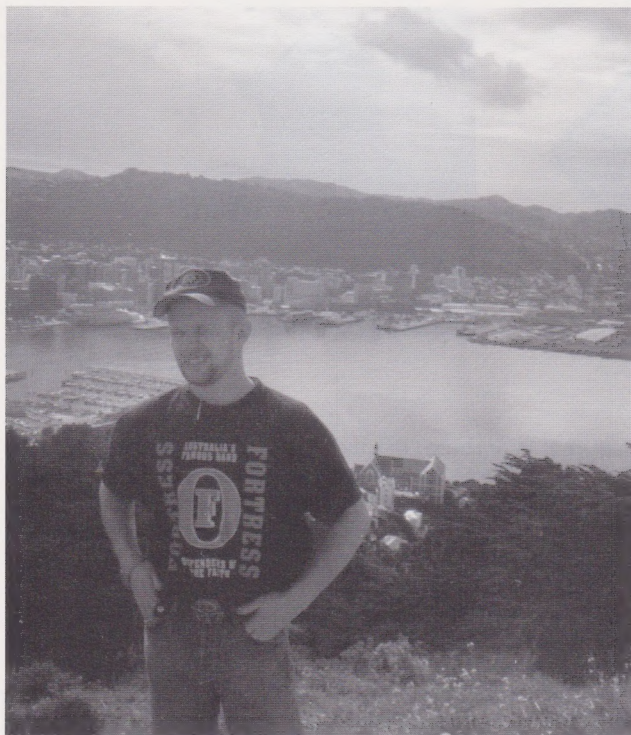

The city of Brisbane is a well

er & big city like all the others in Australia, Europe...Lots of cars, houses, subway (horror), pubs...Asians, Asians, Asians, Polynesians (2m * 2m people no sense for humour, I would found out 2 week later). A few of my friends showed me around the city. Jesse, Struddy, B.J., Ben...

The beer was as good as in all the other cities. I had no hangover. Nightlife in Brisbane is very good, if you find a taxi-driver who's driving you to the

Melbourne gathering: Aussies, Brits, German and Swiss.

Tourist view over Wellington, New Zealand.

place where you want to go to. Me and Struddy had luck, but in big cities there a lot of taxis. Lot's of expensive taxis. Well I had a good time in Brisbane, Melbourne, Gold coast, Adelaide, Mount Gambier. After one week I went on to New Zealand.

NEW ZEALAND

The flight to Christchurch New Zealand takes 3 hrs from Brisbane. Right on my arrival a custom officer was very busy with my luggage. In the hall at the airport I saw why. About 6-7 short hairy lads were waiting...

The funniest of all, Kyle' my pen pal, who showed me

around a few days. Before me and Kyle went to sleep we were invited to Davey for a beer. Only problem was his friend were very thirsty before they went to the airport. After a cup of tea we went to sleep. On the following days I was driving through the area of Christchurch visited a brewery, pub, shops pubs, museums, pubs, mates or another pub... I...think. Lot's of good beer to try in New Zealand. Well I did the same as I always do. There are not so many differences to Europe, only if you phone home or well...walk...home? It's always amazing to see the skinhead movement in other

countries. Sometimes I thought I'm talking to East Germans (back in '89 - '91). When I was in Wellington a few people showed me around. And I stayed in the clubhouse, were we had most exiting parties ever. Maybe one of the lads served valium instead of beer, but who cares I was on vacation, one night we went out in a pub, as we left 2-3 o'clock in the morning, I saw quite a few fight everywhere on the streets. But there was something missing... police. I haven't seen a single policeman. In Germany the riot squad would have come in and, well you know...

On the last evening in Wellington I spend the night in a hotel. I think it was something like that I'm not sure. Looked like someone cleared up the whole fucking place with a hand-grenade. The way how I got my bed was even better. As I rang up the hotel I thought the man(?) on the other side of the line is falling to sleep, "Hello my name is X. I'd like to reserve a room overnight hello...HELLO!!...Yes?" " I'd LIKE-TO-RESEVRE-A-ROOM-OVER-NIGHT! "No room left, all reserved" "How about a bed?" "HELLO?...HELLOOO?" "Er, yes?" "HOW-ABOUT-A-BED-OVER-NIGHT?" "Yes?" "Is there a bed left for me for this

N.Z.H.S. Wellington clubhouse.

Mates in Wellington.

night until tomorrow morning? HELLO? HEELLOOO!!" and so on.

At the reception it wasn't better same daft guy.

It would take too much time & place to write it down on paper. 2 simple questions "Where is my bed?" "Can you give me a key?" Answered "Yes?" "Yes?" "Yes?" "Yes?" But nothing happened, he didn't say 1st floor 3rd door on the right" No, it was always "Yes?"

The night (Saturday!! Last Saturday in N.Z.) was brilliant. I went out with 2 Norwegians I've met, funny guys. The beer the same like on the days before. My lever couldn't take that much anymore. So after a few hours I went back to the Hostel. Next morning I had a hangover. Very good for a long trip! The ferry to Picton was even more boring, than icton Vellington. The bustrip was even worse. It stopped after about 1 ½ hours, because of the engine. 3 hrs later another bus came. I begun to enjoy looking at the waves, clouds, rock, was there something more

interesting? 9 h eyes the seat in front of me. Last day. - Christchurch I went shopping. Next day to Brisbane.

BACK TO AUSSIE

Next day B.J. was waiting for me at the airport. He laughed about what I told him about New Zealand. Can't remember telling him anything funny. Or

can you laugh about my phone call to the Hostel, Hotel? The following 3 days I spend by visiting pubs. I was lucky because on Saint Patrick's Day I passed by a pub. As I remembered the meeting of all the Shamrocks & Green Flagger.

I must have been quite drunk a few days because one day as I checked my luggage I've seem thing in my bag I couldn't remember where I bought them. I think that must be changed drunks shouldn't get served expect in pub's, tattoo studio's (what do you mean "what's that picture on your forehead"), and hospitals. The flight back was something ...er...well...I don't know how to describe, After 6 weeks of travelling I couldn't await to get back home, but in the other way I didn't want to leave. These 6 weeks passed by so fast. Now I can't wait to get back there. ■

Thank you:

Jacko: for showing me Australia

Dick: kicking cars are be fun

Lofty: You can looked like a dustbin but Jacko thought it hers to be that, or was it me?

BJ & Shannon: 4 picking me up everywhere, without you I could still search 4 th Roma street & everything else.

Germany – gettin' harder

PHOTOS & WRITTEN BY LARS

The times are harder than ever before in Germany. At the moment the government is trying to infiltrate the skinhead scene. They want to split and destroy the whole movement.

Sean of Max Resist.

Gerrit, Matthias, me and 2 other comrades went to Leipzig to visit a White Power concert organized by Hammerskins. We hired a car and 2 hotel rooms to sleep in. We had just started a good weekend, or so we thought!; but the police didn't.

We arrived in a small town near Leipzig at 20:30. At 21:00 Max Resist played a short but very good first set. Then the German hard-core band "Sturm und Drang" played very good hate-core! After this Intimidation One took the stage. Some songs Max Resist played again. But at this moment the cops arrived. Now, the Hammerskins protected themselves with beer glasses and chairs. But we left the place without any war! On the same evening the police stopped a Youngland -concert near Dresden.

So we went to our hotel and drank 2-3 beers. On the next day we visited the "völkerschlachtdenkanal" near Leipzig. And we visited an old

The "völkerschlachtdenkmal" near Leipzig.

allied P.O.W. camp. After our sight-seeing-tour we jumped in our car and drove to Nürnberg. We heard about a show on Saturday evening. On our way we stopped in Wunsidel. There we saluted one of our greatest heroes – Rudolf Hess. He rests in peace in Wunsidel.

Back on the road we heard that the concert near Nürnberg was cancelled. So we drove home. A long but not very good weekend for our movement! ■

Some new info about Germany:

- it's forbidden to wear boots and bomber jackets in some schools.
- The state spends a lot of money for people who leave the NS-scene. The government intends to use about 100 000 DM to get a leader out of our scene.

Oi!

I'm seeking Russian Nationalists to write, and females too from anywhere.

I'm looking to write any females, but also any Russian nationalists. You're the first crew to not hate Russians! It's incredible. Probably the only good thing about the USA is that European Americans from different descents don't dislike each other because they're from a certain country. In Europe "everyone" dislikes each other.

Anyway tell me what you can do. I want to learn Russian from anyone who knows English. We can teach each other our languages. I'm Russian, first born in America in my family. I'm the idiot who never learned Russian. But I've got the time to at least learn how to write some. I know some German and some Slovakian but no Russian. I know it's hard one to learn to. I can understand Russian (some) by ear but not in writing.

So, that's what I'm looking for. I'm 31, from New York/NJ.

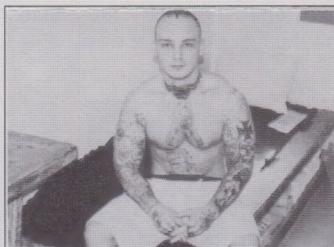

Been skin since 83/84. Been in prison since '93 over politics- throwing a bomb into an enemy H.Q. I'm due out in '03, but now have another trial coming over being accused at a murder in prison, which I'm wrongly accused of and I'm gonna prove it to them.

I've been trying hard for a Russian connection for years, but no deal. The language barrier and often software there prevents mass contact. So, I thought I'd try you.

I guess I can truly say I'm from the "old school" now. I really love old punk and Oi best, it not political leftist shit in lyrics. Punk and Oi (UK) was always my favorite. To me, the best music ever made was '77-'87, including the original R.A.C. I'm out of touch now, all we can have is radio which plays the worst shit imaginable.

St. George's day gig

28th April 2001, Northants

PHOTOS & WRITTEN BY JAMNIK ROK

England offers well organized gigs for skinheads. Here a Slovenian skin gives a report.

We started our trip around 3 pm from East London with two mini buses. It's no need to say, that we were all a bit drunk and some of us, still suffering hangover from previous day. We arrived to small town Northants around 5 pm. First we found the hall, which was well known to B&H supporters from previous gigs. I went through town, to buy some films for my camera and met loads of skins in the town. When I get back, the hall was packed by people (around 250) from all over England, Germany, Italy, Austria, Slovenia, Switzerland and a comrade from New Zealand. There were stalls, offering various kind of merchandise, bar was open, and so everything was ready for excellent night!

BANDS

Gig finally started around 7:30 pm and the first on the list was

Lads stompin'.

John from *Nemesis*, playing his ballad set, including songs, like *For Children's sake*, *Road goes on*, *Pride & Purity* and some *Skrewdriver* ballads.

Second band on the stage was *Eye of Odin*, in my opinion

the best band of the night. They started their set with song *Eye of Odin*, followed by *Defender*, *Allfather*, *Maldon* and new song, which were dedicated to *Hammerskins* in the audience, which will appear

Nemesis.

Bulldog Breed.

on new Italian compilation. They played really a tight set, of their Viking metal, with singer Micky jumping around and showing us real Viking spirit. I think, they could perform bit longer, even if they played almost all of their songs... I can't wait to see them live again!

Next on was *Bulldog Breed*, playing all crowd favorites such as *Made in England*, *Bitter & Twisted*, *We Hate You*, *Take 'em All* (by Cock Sparrer), *A Way of Life* (Indecent Exposure) and *It's Getting Worse*. It was great to see Jonesy and co. on stage again, playing one of the best skinheads' music.

Next band were guests from Germany, *Blutausch*. I've seen them for first time. They play hard rock, close to hate core. Because, I wasn't familiar with their music, I choose, to go to the bar again, pour in some more beer and meet some old friends.

Next one was the West London boys, *Legion of St. George*. I was also waiting for them, as they're getting better, every time I see them! They started with new song *Kosovo* is Burning, than *Werewolf*, followed by one of their best song – *There Goes the Neighborhood*, with crowd shouting *sieg heil!* crowd favorite *White preservation Society*, some more new songs, like *Go Mental*, with people dancing like mad and finished, with *White Noise* classic *Head Kicked in*. Really furious set by this great band!

Last on was Welsh finest *Celtic Warrior*. They started with *Let the Battle begin*, followed by *Rising to the Wings*, *European Dream*, *To the Gallows*, *Invader* and cover versions, like *Our Pride is Our Loyalty*, *Ole Ole* and *Commie Scum*, with people dancing, singing and having good time. Sadly, that brings

the end of event and time to go. That was another great event, organized by mad biker and Northants B&H Division and We all looking forward for next one...! ■

Ukrainian skinhead history

PHOTOS & WRITTEN BY ALEXSANDRA

The first steps were made in the beginning of the 90's among the punks, who were different from the usual punks with their short haircuts, brown shirts, braces, military boots and leather jackets with swastika badges on them. They hated colored people, Anarchist punks and hippies.

The bands that were playing oi-punk were -*Skorbota*, *Swarga* and *ZDV 66/1* - They appeared in 1992. In the end of 1994 the first skinhead band *Bulldog* appeared. It was made on the base of NS-punk band

Skorbota. In 1996 another two skinhead bands appeared *Hitler Jugend* and *White Power*, but they were gone within a year.

The first WP gig took place in Kiev in November of 1996 with - *Bulldog*, *Hitler Jugend* and oi-punk band *Belaya Goryatchka*. The second gig took place in the summer of 1997. Here *Bulldog*, *Belaya Goryatchka* and *Vengence* were to come forward. Two gigs took place in 1998, when the Kiev WP skins organized on the 15th of March a R.A.C. action, there played *Kara Bellum*. There were also our comrades from Russia

there; This action resulted in loads of press coverage in the media. On the 26th of April a Rudolf Hess memorial took place, *Sokrya Peruna*, *S.B.S.* and *Vengence* played that night. After the memorial the police arrested more than 20 comrades.

B&H UKRAINE

The official Ukraine B&H existed from August of 1998, Nowadays B&H Ukraine have some music groups and magazines. There are four sections of B&H Ukraine: B&H Ukraine (Kiev Center and north region of

April 20, 2001 – partying in the pub

Ukraine, B&H East Ukraine, B&H Mykolaju (South Ukraine) and B&H Galitchina (West Ukraine),

In the year 2000 B&H Ukraine organized 6 gigs with comrades from Poland, Russia, Ukraine and Belo Russia who visited this action.

SKINHEAD MOVEMENT TODAY

Unfortunately skinheads in our country are not united, Only two skinhead organizations exist, NS/WP and Ukraine Nationalist Skinheads, NS/WP support B&H S.H.F. B&H and S.H.F. have general label "WHITE RECORDS", Ukraine Nationalist Skinheads support Ukraine Nationalist parties, Like UNA-UNSO, SNPU and Patriot Ukraine Skinhead Front, All these orgs. are anti-Russian and anti-Polish with their politics.

SOKYRA PERUNA (PERUN'S AXE)

Perun is the Slavic god of thunder and war; the band Sokyra Peruna is the classic of the Ukraine WP-scene. It has existed since the end of 1994. In 1998 the name Bulldog was changed to the name Sokyra Peruna. In 1997 Bulldog recorded the demo *Ukraine Patriot*. After the demo the drummer and guitarist created Sokyra Peruna in the summer of 1998.

Their first album was *Eye's Full of Rage*, and the second album *European Unity* was released in 1999. In spring 2001 the group recorded their third album *B&H*. That CD had 10 songs 7 in English and 3 in Ukraine. Sokyra Peruna has played about 10 gigs in Ukraine

New Year Party 2001

and 1 in Russia, The skinhead actions take places in the cities of our country constantly.

Because of the growing numbers of muds, red punks and wrongly taught scum, we have to unite today in the name of justice. The threat of disappearance of our own

culture and persecution of comrades throughout the world will be bad! We can't stand apart – we need to unite in order to survive in our own countries. ■

With the best wishes, Demyan and Olexandra (email: bloodhonourukr@hotmail.com).

Ukrainian gig in Kiev

PHOTOS & WRITTEN BY ALEXSANDRA

Sokyra Peruna on stage.

On Saturday 9th June 2001, a very successful concert was held in Kiev. The venue had to be changed several times, so the audience was fairly small – lots of people had got confused and lost. Despite that, the concert was great!

The first band to play was *Bilyi Shkval* ("White Squall") from

Lviv. From their professional sound it was impossible to tell that this was only their second performance. The folk-style ballad *Berserker*, which was performed by the guitarist, sounded very interesting. The hall really came to raging life with their last song *Boots*, and was finally prepared for a set by *Sokyra Peruna*.

Bilyi Shkval

Sokyra Peruna was unique, as always! 15 of their old songs (& 1 encore) and 2 new songs: *Under the banner of victory* and a song in English based on verses by *Kipling For All, That We Have....* This brought the atmosphere in the hall to boiling point! Yes, *Sokyra Peruna* are certainly the cult group of Ukrainian WP! It's just a pity that people started leaving the gig, so they didn't get to hear the whole set.

Then some visitors from Mykolayiv appeared – *Tsyrylnya*. They have a heavy style and are more disciplined than they used to be. Fast music sounded through the hall, with mad pogo-ing and beer fountains as they sang *Beer*. Toward the end *Tsyrylnya* produced a classy performance of an old by song by *Bulldog*, entitled *Ukrainian Patriot*.

The performance of *White's Load* was really dramatic: during the first song a drum pedal broke, and the Ukrainian flag fell off the wall. But these guys heroically played their set so nobody noticed the missing bass drum! The song *Ian Stuart* moved some people to tears. When they announced a song about the great Ukrainian *Bogdan Khmelnytskyi*, the whole hall erupted – this song is considered the group's best.

In general, thank you, guys, for a tremendous concert in the best WP-tradition! ■

A hike through the Bretagne / Normandy

PHOTOS & WRITTEN BY MATTHIAS

We left our hometown with a mini bus on Thursday evening and arrived after a long travel to our hotel in France. We had some beers on the trip and slept very well in a hotel with a name Formula 1.

Next morning we stand up early and drove to Normandy in the area of Caen. There we visited two museums of the D-Day 1944. So many interesting things to see: the German army and the Atlantic wall. A big bunker in Oustreham, some bunkers near Arromanches, a war museum in Bayeux and a museum about a harbor of the English army in Arromanches. It was very interesting and we had beautiful weather. It was "Führer Wetter" for the Germans.....

In the evening we arrived in the Bretagne by our Bretonisch comrades and we slept in a mill and had a good meal. On the next morning I woke up and saw the white frost on the grass. Oh, oh I thought this would become very hard. But the sun rise up and the march began. We were 15 person, 7 Germans and 8 French, and we walked on this day 25 km to a well known island which is now in the Normandy but many years ago it was Bretonish. I speak from the isle of St. Michel. We had a great weather and all the tourists looked not to the isle but at us. We were the

attraction on this day because of our military outfit like the SS Charlemagne. A great feeling when all persons look respectful to you!

After this shocking of tourist we slept on a camping place and eat and drunk a little bit. The next morning was hard for us, the feet ache and we must walk on this day ca. 30 km. Ok we start with walking and it was raining all the day. At the end of the tour 5 persons arrived at the mill and I was one of them. I only wanted to sleep!!!

At this evening we drove to a comrade of us in the near of Nantes and slept there. Her parents were very nice and we had much fun with them. Thanks again to Eva! At the afternoon we visited some Celtic ritual places and after this we drove back 1000 km to Germany. We arrived in the morning with a great feeling. The German-French comradeship will live!!! Victory will come... ■

Report of a French weekend

PHOTOS & WRITTEN BY MATTHIAS

On Friday at lunchtime I left Mannheim and went by train to another town to meet my comrade. From there we went by car to Metz in France and saw there too many muds just like in Germany.

After a short stop and drinking some beer in Pierre's flat in Metz we left and traveled to Auxerre. At nine o'clock in the evening we arrived there and met the organizers of the gig and drank some more beer and had a supper in a restaurant. The French comrades were very friendly and we had much fun.

A little anecdote of this evening: The French guys order a aperitif and I speak not well French and so I ordered the only one on the drink list which I understood and this was Martini tonic. And in France this drink only girls and everyone was laughing when he saw my glass of Martini. After this everyone call me Martini boy.

Next day at the gig the band Durandal send greetings from the stage all comrades from every country and to the Martini boy. Everybody laughed when they understood the reason. .Hehe, it was really funny.

At Friday evening we slept in a Hotel and next day we visit Auxerre and it's old little streets. After this we go to a wine yard and made a wine test. We drank with some comrades there and after some hours I was a little bit drunk. This wine yard was placed in a big wine growth area, the sun was shining and it was very nice there. This is our Europe, which we must defend against the plans and goals of the evil.

At the next evening we drove to an other gig and there played DSH, a young French band, firstly. The atmosphere was very nice but the French Skinheads are very aggressive if they have drunk to much alcohol. So there were many fights between each other. All French comrades do not understand what it is to go to gigs . But this is only a minority.

After DSH started the well known French band Durandal with their Hate core program. Great sound, great show and real hard music! Great Band!!! Now the German boys from Jungstturm enter the stage and play their set with own songs and some cover versions of Skrewdriver and other German bands. After this the band Baignade Interdite play and we left at 2 o'clock in the morning the gig and slept in the hotel where over 50 Skinheads slept also. So it was a really funny night. Firstly we had a problem to get enough hotel rooms but we find a solution (the beer helped us). At the next day we drove over Metz back to Germany with a feeling to find new friends in Auxerre and we will come back. ■

Nordic Fest 2001

PHOTOS & WRITTEN BY BYRON

In the USA there are many great and well organized skinhead events. Here's a report by a well known American.

Everyone who couldn't make it missed a great event. First let me say I was impressed with the level of organization displayed by Ron Edwards and the IKA in putting this thing on. Everything from the security to the laminated photo press passes to the vendor booths (with roofs) and the folks who served up burgers, dogs and beer as late as we stayed up.

PREGNANT WOMEN

These are the types of events I would like to see more of. I saw at least 4 pregnant women, lots of little kids playing games, and everything from long-hair death metal fans to Hammerskins, Creators, Christian Identity followers, Klan members, etc all enjoying the chance to make new contacts and enjoy each other's common bond with no attitudes whatsoever that I saw. There was a tug-o'-war (with a large man-made pond being the intended destination for

the losers), a tattoo contest, speeches by everyone from the Church of the Creator leader Matt Hale to Aryan Nations head Pastor Richard Butler. We also heard speeches from a leading Hammerskin exhorting us to redouble our efforts to ignore the divisions among our various groups and a visiting attorney with valuable advice on how to legally exist in an increasingly illegal society.

BANDS

As far as the music goes we heard new bands like Fueled By Hate, Definite Hate, Riot Wing and Final War as well as favorites Intimidation One, Attack and Max Resist. Most bands played multiple sets over the three day event. There were tight sets, sloppy sets, drunken 3:00 A.M Merl Haggard cover sessions and everybody loved every minute of it. We were also entertained by a guy playing bagpipes in between bands

Sean - Max Resist

and on Sunday Rev. Matt Hale turned us all on to some classical violin. I have about 10 hours of video footage which we will edit and have available on the web as soon as possible.

I am also impressed with the caliber of people that spent their Memorial day weekend expressing pride in their folk. I met doctors, lawyers, students, computer programmers, parents, grandparents and members of the military. I think it is a great sign that folks are increasingly coming to White Power music festivals who were attracted by more than just the music. Lets keep having more like this. ■

Roy - Aggressive Force

Wake up, white man!

WRITTEN BY ROBERT, NEW ZEALAND

Racial Greetings Kinsmen, We as Skinheads and pro white believers face a struggle today, The struggle being the survival of the white race, 8% of the World's population is of true Aryan blood and of that 8% only 2% is women and children, So clearly we can see that we are becoming something of the past, and as time goes on we get weaker and weaker. The parasites that control our nations teach to our young through the school system and media etc... that we should all live in peace together, that white and black is a beautiful thing, that homosexuals are of expectance to our society, by this they are diluting our race, making our blood no longer pure, If we continue to allow this brainwashing we are the cause of our extension, we must awake. We need to stop this murder; we need to concentrate on promoting our race and the fear that we face.

The governments do not care about the true people of our countries, They allow refugees come from all over into our society, these mud races come here from a poor life, getting the nicest things, a nice home, nice clothes and nice foods, and yet they do not have to work for this, and at the same time we struggle to put food on our tables and clothe our children, So where is the so called "equal society", and when these

mud cultures come into our civilized society they bring with them their way of life from the jungle, they bring gangs, violence, drugs and fear, fear being in the night, the fear of our young and elder. Hoping in vein that they will not be mugged, raped or murdered. Is this fair that a young person should fear for his or her own life, is it fair that the people who fought wars in the past to protect there future generations from such things now have to fear for there own safety.

Why is it that when only 8% of the world's population is white that the other 92% are still called the minority? You see them teaching to all muds about being proud of their race, culture and who they are, you will never hear such things about the white race, But when a man or a women stands up and says such things he or she is labeled a racist, to teach our folk of their racial history, Nordic, Celtic or Germanic. If being proud of your ancestor's achievements, your nations flag and your bloodline makes you a racist. Well I am for sure 100% racist. , The zogs try their best to label proud white people and skinheads as haters and evil, they put all their time and money into this, to try and rid of the truth, and at the same time there are gangs pushing drugs and prostitution into our streets all for the pleasure of money. So why don't these people do

anything about this? They are pushing for gun control, to rid of all guns makes a society defenseless, Thus being, when we are defenseless they have to take control and total power.

We need to concentrate on arming ourselves. The money you piss away every weekend can do this. One day our society will break bringing chaos and riots to our streets. So when this happens we need to be able to defend our folk.

People often wonder what can I do. Simply, get your life values right, get an honest job and raise a family, this being the thing that the zogs don't want. This is their biggest fear, for us to keep our cultures alive, and that we know of their plan to invade white man and women by diluting our blood.

WAKE UP!

B & H Slovenia concert, 24.02.2001

Bands: DMS (Slovakia), Providenje (Serbia)

WRITTEN BY VLADA

Blood & Honour Slovenian division organized its first concert and at the same time this was the first serious concert organized in Slovenia.

The concert was held in the town called Kranj about 30 kilometers away from the capital city Ljubljana. The bands that were invited to play were DMS from Slovakian B&H division and Providenje from Serbian B&H division. The people that attended the concert were mainly Slovenian B&H members but there also were guests from Slovakia, Serbia and Germany. Strange thing was that the Germans attended the gig had to travel really far away to see the concert and none were present from the neighbour countries Austria and Italy. Some comrades from Germany had

Providenje, Foto: VPS

troubles with the border control and couldn't make it to arrive and spend one beautiful night of NS and B&H unity between the comrades from different countries.

Before the concert, in the professional hall underground, with all the walls covered with flags and posters, people could buy clothes, CDs and other items.

The gig started about 11pm and the first band on the stage were DMS who showed that they're perfect musicians, performing mainly the songs from their new album called "My hatred". With two guitars and double bass pedals by drummer they sounded really powerful. On request by the girls present at the concert, DMS played twice one of their best songs "Skinhead girl", and the song dedicated to Serbian struggle for Kosovo definitely touched us all as well as the song dedicated to the fallen hero Ian Stuart. The cover by the 4 skins "Chaos" drove the crowd crazy even it sounded quite unnatural with double bass pedals performed by DMS longhaired drummer.

When DMS finished their set of songs, next on the stage were Providenje who started with two songs "Return of the Slavic man" and "Evropa" from their new album "Glory of our forefathers" knowing that those were one of the favourite ones for Slovenian comrades. Playing mixed the songs from all their 3 albums; crowd seemed to be very satisfied. Each 4th or 5th song was a cover by well-known B&H bands Skrewdriver, Razors Edge, Chingford Attack

and No Remorse," Barbecue in Rostock" was dedicated to German comrades dancing on the floor and having a great time. People definitely liked mostly old Providenje songs because the third album hasn't been spread yet, and Skrewdriver covers "Hail the new dawn", "Tomorrow belongs to me", "White Power" and "Our pride is our loyalty" that were nice surprises for everyone present. On request by Slovakian and Slovenian comrades Providenje repeated the songs "Revolucija" and "NS patrol". After almost 2 hours of playing Providenje finished their set of 25 songs and the concert was over.

This night will surely be remembered in great spirit of Slavic unity and friendship between Blood and Honour comrades, although this was just the beginning of rising of Slovenian B&H division and our Aryan brotherhood. ■

PRESERVE WHITE ARYANS:
It's Time to Awake! (P.W.A.
14/88)

PRESERVE WHITE ARYANS:
Pride, Strength, Unity – Cassette
LP (BH Estonia)

At least our fellow comrades from Estonia have published a long awaited full-length cd plus the cassette LP that includes same songs as in the cd and some unheard extra songs. The band was formed during the Russian-Zionist occupation as early as in the year of 1988 as a punk band with name of P.V.A (Perverts versus Angels). When Estonians fought gloriously for independence in 1991 P.V.A. changed their style from anti-commie hc-punk towards Oi and racial nationalism. In 1996 P.V.A was a pure white power skin band and they published excellent cassette LP You Have Right to Die! that will be always remembered from the furious title song.

It is a pity that old vocalist Juri is not anymore in the new line-up cos I really miss his aggro-voice. Anyway I can't say a bad word about Jaanus who both sings and plays guitar in this cd & cassette. After the recent line-up changes P.V.A. decided change their name to more appropriate for wp band: P.W.A. – Preserve White Aryans.

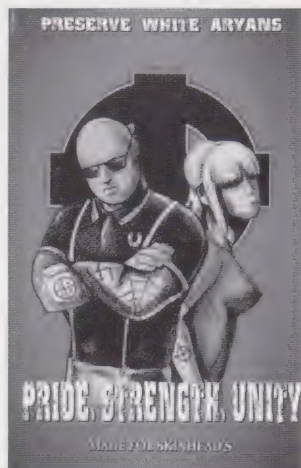

The cd includes 13 songs that are from first to last piece worth of listening. P.W.A has still its punk roots and everybody can hear it but however I would not consider the band as mere wp punk combo but a band that has personal touch in their music. Of course lyrics are quite

usual dealing with topics like racial unity, skinhead weekend activities, parasites, loyalty etc. but the intensive way how songs are handled gives more kick to lyrics. My personal favorites from the cd are two first songs It's time to Awake and When will be A Day that shows that P.W.A's best side in songs are their touching melodies. Also songs like Pride, Strength, Unity and We smash the scum are reasons that causes blood's running in the veins of listener. If I should mention the bad side of the cd it must be the quite poor mixing of the guitars in some parts of songs. I mean, they should be more powerful and heavier than now.

The cassette includes mostly same songs as in the cd (though they are made in the different studio session, of course) except unreleased classics Keep up the fight, Aeg koidab peagi and covers Estonia Belongs to Me, Europe Awake, Tomorrow belongs to

VOICES FROM THE STREETS

Serbia report, part II

WRITTEN BY SALE, BLOOD & HONOUR BELGRADE

***After NATO aggression
Serbian NS-people
started to work on
organizing one
movement with one
goal – fighting for the
cause!***

July 3rd was the day when the Hitlerjugend was formed and also the day when the big meeting was held. Sixteen men gathered in a town in south Serbia – Jagodina,

just like the sixteen men who died on November 9th 1923. Coincidence or a sign of fate? Internal problems were solved, just as conflicts, which some guys had between each other, all in favour of building one strong organisation, first ever in Serbia. So, Alliance of NS was made, official sign also, "working group" was formed and its aims are to coordinate work for all group members of the ANS. People agreed to have meetings on permanent basis, where a look is taken on

every groups works and dealed actions for future as well as discussion on present problems in Serbia.

Groups which are members of ANS are Blood & Honour units from Jagodina, Nis, Apatin, Novi Sad and Belgrade, Hammerskins from Belgrade and Racialist Group – Jagodina, which is gathered around "Serbian Front" magazine. Program of the Alliance was made later for the day when the ANS will be registered as a legal organisation – which is

Jagodina skinheads: Jevra, Vlada, Gaga, Bajba, Klara, Jules, Nikola (Blood and Honour Serbia, August '97).

Skins guarding Belgrade.

goal for the near future.

Of course, we had problems with some men who couldn't understand that being a NS is more than playing in a band and selling cd's. Those few individuals tried to cause split in the very beginning, but completely failed in that intension. They were excluded both from Blood & Honour and the ANS. Since then they started a little smear campaign – mostly abroad – against some comrades, trying to discredit them and the whole organisation in Serbia. But this, rather childish that real attempts were not taken seriously – guys just don't deserve it!

So, why the ANS was formed?

We tried to unite our forces in an attempt to work under one common banner, and to educate our people the eternal truth about our policy. We are here to continue work of our cause in this part of Mother Europe. We are here to continue the work of our eternal Leader and to show our enemies that our political ideas are alive and going forward! ■

Gays in Belgrade

On 30th June 2001 faggots wanted to make first "gay parade" in my Belgrade. So we made action. Around 2 thousand Serbian White nationalists gathered 1 hour before in their meeting point. Then as faggots came we started bashing them. We also smashed many cops who tried to protect them. We had 3 hours of violence in the center of the city! I was full of pride on that day because I saw all patriotic forces from Serbia united as one. This is definitely still good old patriotic nation full of clear national pride. We gave a good lesson to everyone. If they try again, we'll be ready!!! But I think that they'll not try in next 20 years!

VLADA

Bratislava scene and bands

WRITTEN BY MAREK

Bratislava is the capital city of Slovakia. It is the biggest town with the biggest skinhead scene in Slovakia (300-400). The skinhead movement began to raise around 1988.

There arose a great band called *Kratky Proces* their discography is a demo and the first cd. In 1996 they recorded *Best of 1988-96*. This

cd includes 22 songs (one live). It was recorded in 1997 at *Warriors Records*. This cd is still to this moment looked upon and sold. There was also a band called *Posledna Vystava* (last warning) but they fell to pieces and nothing was recorded.

Within 5 months arose a new band *Ancestors*. There played on bass ex member of *Posledna Vystava* and on drums a newly wed skinhead. From younger generation is the singer and also guitar. I think the voice is very good quality. I hope that

soon they will record a cd. It will be published under B&H Engerau. It might be finished at the end of May 2001.

I think a year ago there also arose a new band: *Juden Mord*. This band has 4 members, but the most important person is the singer who came from the band *Kratky Proces* he became

The Ancestors.

a legend in our scene. It is good music, true white Rock'n'Roll. They recorded a cd with the obvious title *Arbeit macht frei* about 6 months ago, the booklet and lyrics are very hard, but this era is surely about it.

There was also Ol-club, which was situated in Petrzalka. There were many gigs, band rehearsals and other parties organized there. This place was burned down about 2-3 times, it wasn't very noble, but for us Arbeitklasse Skinheads it was good. Everybody who visited our town could stay here over night, but because of many problems it is over now.

There is also *B&H Engerau* in our town, under this organization is published a skinzine *Fusion For Future*. To this time there has been 2 zines published. B&H Engerau recorded and published the cd *Agrese 95 Hard Reality*, Well known in Slovakia is also our pub *Germer* which was presented in the media as a

center for neo-nazis. Our studio Engerau Records is making a service of trade and sale of cd's. We have not managed to publish a list as yet, but we are working on it. Engerau Records could offer about 70 different Skinhead cd's. Many cd's are still adding to our list, if somebody wishes to trade cd's they can contact us on our e-mail address. We also have all Czech and Slovaks white power cd's.

Anybody who wants to write, please write in German or English. Our town has been visited by many people and bands, for example: Brutal Attack, Alex from Di-Al Records, Erik, Marcel from Sweden, Mistreat, ADL 122, Razors Edge, Stigger and many people of B&H.

I would like to send racial regards to all B&H worldwide and to all people who stay loyal to the cause. ■

Correction (ISB 6)
On the page 18 down
there is a photo
called Slovakian
Skins but it is the
band from England
- Warhammer and
Icon. We apologize
this mistake.

My nickname is Icon and I am a proud member of Blood and Honour Division Slovakia. In the following lines I would like to grant some informations about the Slovakian White Power scene. Everything has started after fall of communism in 1989. In Slovakia, there are these organisations: Bood and Honour, Combat 18, Árijské Zeny/Aryan Women, SS Action Group, Celtic Traditional, SVO Garda, Slovakia Hammer Skins and other little groups. I think Slovakian WP movement is strong. We are organizing a lot of parties, marches, concerts. We are producing magazines: the best are Rodobrana, Revolta, also bulletins, T-shirts, stickers and other things. Our street enemies are usually punks, gypsies and ZOG. In our music rule bands like Front18, Thomádo, NS Band, D.M.S., Death Warrant, Justicia, Pogrom, 14 Words, J.M., but a lot of bands started to form, so in the future will be comrades from bands which are famous in all "White countries" like Brutal Attack, Mistreat, Razors Edge, Warlord, Warhammer, Gesta Belica, Skullhead, Konkvista 88 and other.
